

HELLO I'M

EPIFANIO PEREIRA

Digital Designer & Motion Artist

I am a visualisation focused designer interested in exploring digital innovation within areas of user experience, product Design, and Applied Ai. I enjoy creating multi-modal digital experiences and leverage 3D simulation, photorealistic techniques, and motion graphics workflows in my practice.

WORK EXPERIENCE

CGI Artist

AXIO lab
April 2022 - Present
Brisbane, Australia

Junior Associate

BMW Group QUT Design Academy
August 2021 - Present
Brisbane, Australia

Digital Design Intern

Wowme. Design
January 2022 - April 2022
Brisbane, Australia

Digital Design Intern

BMW Group | Idealworks
March 2020 - March 2021
Munich, Bavaria, Germany

HIGHEST QUALIFICATION

Bachelors in Industrial Design

Queensland University of Technology
2017-2021
Brisbane, Australia

Design Skills

Animation and Lighting Design
Design detailing
Parametric Modelling
Product Design
Illustration
Motion Graphics
Interior & Architecture Visualisation
Design Research
Video production
UX prototyping
3D Printing
Concept development

SOFTWARE EXPERTISE

ABOUT ME

Epifanio is a diligent and passionate designer from Brisbane, Australia. With a multifaceted skillset built through contact-based work with BMW, Idealworks, QUT, V2i, Wowme designs and Axio lab – he has collaborated and adapted to a wide range of projects and applies this experience in his design process. Ranging from concept art to storyboarding, product design to motion graphics, he brings a unique perspective to every project. Epifanio completed his bachelor's in industrial design in 2021 and is now looking towards a building a career in Synthetic product design. Epifanio is a self-driven designer with a passion for developing his understanding of 3D workflows within Visualisation, VR and Applied Ai.

CURRENT POSITION

“Epi is an Industrial Design graduate (QUT alumnus) and one of the IF Design Talent Award 2021 winners. He is a highly skilled designer that excels across systems thinking, high-end visualisation, sketching, interaction and design communication. Epi was selected as a design intern for BMW Group in 2020 where he was pivotal in projects that led to the foundation of idealworks (BMW Group’s newest fully owned subsidiary company). He is now working on our Special Projects Program at the academy and supports the Internship program.”

~ BMW Group QUT Design Academy
